

# Climate and Ecology Bill Report

Proposer – Cllr Ingram

10 March 2023

## OVERVIEW

---

Cllr Ingram would like to propose that the Council supports the Climate and Ecology Bill.

## DETAIL

---

"So far Oxfordshire County Council, 4 of 5 District Councils (including West Oxfordshire) and the key West Oxfordshire town councils (including Chipping Norton, Charlbury, Witney, Burford) support. And a growing number of Parish's. And this is just councils. A lot of leading businesses in Oxfordshire also support. I see from the working group terms that the council has accepted that there is a climate emergency which is a great start. Going further by passing a motion in support of the CE Bill (formerly CEE Bill) may help to raise ambition further and give even more momentum to the important work you are doing."

## COUNCIL DECISION

---

- To consider supporting the Climate and Ecology Bill
