

Snagging list – playground refurbishment phase 1

11 April 2023

OVERVIEW

The equipment for the first phase of the playground refurbishment has taken place. There are now works required before the playground can be reopened.

BACKGROUND

The installation of the playground equipment has been completed.

Due to the adverse weather during the removal of the old equipment and the installation of the new equipment surface works will be required before the playground can be reopened.

The play area surfaces need to be completed before the playground can be reopened.

WORKS REQUIRED

- Area around toddler multi-play unit cut out to allow extension of the safety surface area at the far end of the unit.
- Spreading of play bark in the toddler multi-play area, toddler swing area and junior swing area
- Levelling of soil in some areas.
- Remedial works to entrance way area.
- Reseeding of grass in some areas.
- One area of trim trail to be investigated to determine whether a grass mat safety surface is required.

COUNCIL DECISIONS

- To agree works to be completed, and provide a budget for these works.
- To consider delegating authority to the Clerk to arrange for the agreed works to be undertaken.
- To agree statement regarding playground closure.
