

Parking at Brook End report

06 March 2024

OVERVIEW

Concern has been raised regarding a vehicle parking on the grass beside the brook at Brook End.

COUNCILLOR PROPOSAL

Councillor proposal:

That the PC discusses the issue of parking at Brook End following a letter from a concerned resident.

This piece of land should be available for all to enjoy whilst visiting the brook.

That the PC writes to the owner of the vehicle suggesting that they park in their parent's courtyard and to our County Councillor requesting some form of preventative measure, eg posts, signage or planting.

It seems unfair that residents are trying to improve the area and the van owner is not a resident of the village.
